

Gabriel Ruiz | Resumé

Los Angeles, CA 90066 • 17ruiz17@gmail.com & ruizg@ucla.edu

Objective

Graduate level statistician and budding machine learning specialist doing work in causal inference and data mining, including causal discovery (learning a Bayesian network's graph structure) and estimation of treatment effect heterogeneity, seeking to apply this and related knowledge at your company.

Education

PhD Student – Dept. of Statistics, University of California, Los Angeles

Fall 17-
current

Advisors: Qing Zhou, Oscar Madrid Padilla

B.S. Statistics, Magna Cum Laude - University of California, Riverside

2013-2017

Publications

OH Madrid-Padilla, P Ding, Y Chen, G Ruiz. "[A causal fused lasso for interpretable heterogeneous treatment effects estimation.](#)" *arXiv Preprint*, 2021.

OA Vsevolozhskaya, **G Ruiz**, DV Zaykin. "[Bayesian prediction intervals for assessing P-value variability in prospective replication studies.](#)" *Translational Psychiatry*, 2017.

OA Vsevolozhskaya, CL Kuo, **G Ruiz**, L Diatchenko, DV Zaykin. "[The more you test, the more you find: The smallest P-values become increasingly enriched with real findings as more tests are conducted.](#)" *Genetic Epidemiology*, 2017.

In the works: separate papers on (1) causal discovery, (2) non-parametric estimation of bounds for "proportion in stratum 'x' who benefit from treatment" and conditional probabilities related to Mann-Whitney U-test.

Experience

Data Science Intern - Data Science Group in Digital Experience, Adobe Inc., San Jose, CA Summer 2021,
Summer 2019

Summer Intern and 2017 GEM Fellow - Perception & Localization Group, Draper
Laboratory, Cambridge, MA Summer 2017

Undergraduate Researcher - Biostatistics and Computational Biology Branch, NIH-
National Institute of Environmental Health Sciences Summer 2016

President - Highlander Statistics Society (HISS), Student Chapter of the American
Statistical Association at University of California, Riverside June 2015-June
2016

Honors

National Science Foundation Graduate Research Fellowship April 8, 2019

Chancellor Rosemary S. J. Schraer Award - 2017 Honors Convocation, University of
California, Riverside May 22, 2017

Technical Skills/Miscellaneous

- Programming Languages and Software: R (tidyverse, grf, glmnet, RcppArmadillo, Keras), Version Control, Linux/Unix OS, Python (scikit-learn, numpy, pandas, Jupyter notebooks).
- Fluent in Spanish (Grew up speaking English and Spanish dually).
- Website: <https://gabriel-ruiz.github.io/>
